

Thank you for registering for our Airsoft Clinic. Our goal is to create a safe and competitive environment where new players can learn, play, grow and thrive. We pride ourselves in being family friendly, full of good sportsmanship and nurturing to all people.

Arrival-

Please follow the signs to the main office. Check in will be at Oak Lodge. At the top of the hill turn left at the Y in the road heading towards the ranch.. Note - it's one way traffic. Continue driving past the ranch, past the barns, past the shop and turn left across the bridge. Take the next left towards the parking lot, office and Oak lodge. Check in and pick up will be at Oak Lodge.

Gear - We will place any gear you have into a pickup to be driven up to the field. All players will walk up the hill.

Note - **There are no restrooms atop the hill**, please take care of any needs prior to coming up the hill and you are always welcome to walk down the hill to the restroom during the day if needed.

Please Bring - **Any airsoft gear that you have.** If you bring eye protection please note that it must have a full seal around the eyes. Shooting glasses or mesh are not allowed for eye protection. **Please bring a water bottle and clothes suitable to get wet, muddy and suitable for the weather.** Wearing waterproof hiking boots, pants, gloves, hoodie, and stalking cap are my favorites. I recommend wearing a t-shirt plus a long sleeve shirt under the hoodie so that you can take off layers if the weather allows it.

Required - You must bring a corona face covering and remain 6' socially distanced throughout the day. We encourage you to wash your hands frequently. At your arrival we will ask you if you have been healthy in the last 14 days, free of a fever for the last 3 days, exposed to a person or a location to have corona in the last 14 days.

By the end of the day each person should be familiar with the safety, rules and handling of airsoft equipment. We will teach teamwork, communication, strategy and tactics for recreational games. Most importantly we will share the Gospel and help people connect with Christ through adventure ministry.

Thank you.
